

ABOUT US

OUR VISION

Triage provides a range of education, skills and employability services that help people secure a job, progress in the workplace and build meaningful careers.

OUR MISSION

Our mission is to develop new and innovative approaches to employment and training that work for both individuals and companies alike.

At Triage, we want to be known for our great people, our great service and our great results.

We deliver employability, skills and education services that help people find stable employment and improve their quality of life. Ultimately, we want to help people succeed.

OUR VALUES

With offices across the UK, our values are what helps unite our teams and provides us with a sense of belonging. No matter the office, or the colleagues, we feel a sense of community and that's all because of our values.

For us, our values frame our interactions and set standards both internally and externally - they are the building blocks on how we do business.

Values aren't just words or phrases that we use when it suits us. Our values help bring us together, they show off our personality and they help create our company culture.
